Meeting Preparation and Discussion Guide

The primary focus of this meeting will be on the property owners meeting that was held on March 14. Terry Reckord will describe what the design team heard from the approximately-65 property owners in attendance at that meeting. He will also talk about how that information will be used in his upcoming design work, as well as next steps in the design process.

For those CAG members who also attended the meeting: we will be interested in your perspectives on what you heard, as well as your recommendations for “next steps” for both the trail design and the public involvement program.

The Group discussed a set of groundrules when it was first established, and it is time to take another look at those. Margaret will prepare a “fresh set” for members to review in advance of the meeting. The Group will discuss these operating groundrules, as well as the schedule for the remaining meetings of the CAG.

See you Tuesday evening at City Hall!
